Russia and Austria Propose That Other European Powers Unite to Govern Territory.

London, Dec. 4.-Negotiations begun to fay by the Powers may result in interna-tional administration for Macedonia along the lines observed in the present government of the Island of Crete.

ment of the Island of Crete.

The Associated Press learns that, in order to prevent another Macedonian uprising in the spring, attended by unspeakable horrors and the danger of a war between Turkey and Bulgaria as a consequence, Russia and Austria have proposed to the other Powers that immediate steps

be taken to put into operation a plan which, in the general outline, resembles that now enforced in Crete. This proposal is the result of the acceptance in principle by the Sul an three days ago, of the Russo-Austrian note, con-cerning the reforms in Maccellia, which was submitted to the Porte after the recent conference between Czar Nicholas and Emperor Francis Joseph. To what extent each Fower will par-

ticipate in the organization of an international gendarmerie, to be formed for the preservation of order, and which Power will be placed in supreme command of the gencarmeric, as well as other details, must be settled by the negotiations between the Powers.

All the rowers concerned are anxious to settle the daniculties in the Balkans, so that they cannot longer menace the peace

of Europe.

Though this proposed action will be another step roward the separation of Macedonia and Turkey, there is nothing in the projectal to indicate that the Powers have any intention of weakening Turkish ownership of the territory. As the Sultan accepted the principle of the Russo-Austrian note, it follows as a natural consequence that he will not be likely to oppose the enforcement of the reforms which that note contemplated.

NO SIGN OF CATARRH IN THIR-

TEEN YEARS.

Dear Sirs:

About thirteen years ago I used your remedy for Catarrn. I had been troubled with it for about nine years, but since taking S. S. have never been worried with it. If sel able to recommend S. S. S. as a sure cure for Catarrh.

WINTER IS COMING BRINGING CATA

Every Catarrh sufferer dreads the coming of winter, for with the first breath of the "ice-king" this miserable disease is fanned into life and all the disgusting symptoms return. The nostrils are stopped up and the throat can be kept clear of mucous secretions only by continual hawking

and spitting. Catarrh is a nuisance and source of annoyance, not only COULD NOT HEAR THE TICK OF A to the one who has it, but everybody else. The thick, yellow discharge from the head produces a feeling of personal defilement, and the odor of the breath is almost intolerable.

Watsontown, Pa., July 13, 1903.

Dear Sirs:

I have used S. S. S. for Catarrh of the inner ear, and have found it an excellent remedy for same. I had been troubled with this disease for years and tried many things in an effort to get relief, but nothing did me any permanent good until I began S. S. I had a discharge from my ear and my hearing was so badly affected that I could not hear the tick of a clock. I was in bad shape when I began your medicine. S. S. S. has done away with the discharge and my hearing has been wonderfully improved; so much so that I can now carry on a conversation in an ordinary tone, whereas a year ago this was impossible.

Your medicine has done me a world of gool and I do not hesitate to give it the credit it deserves.

W. F. KRUMBINE. The catarrhal poison brings on stomach troubles and affects the Kidneys and Bladder. It attacks the soft bones and tissues of the head and throat, causing total or partial deafness, the loss of smell, and giving to the voice a rasping, nasal twang. No part of the body is secure from its ravages. Catarrh makes you sick all over, for it is a disease of the blood, and circulates all through the system, and for this reason, sprays, washes, inhalers,

powders and salves have proven failures. The way to cure Catarrh thoroughly and permanently is to cleanse the blood of the unhealthy secretions that keep the membranes of the body inflamed and nothing does this so surely and promptly as S. S. S. As long as the blood is poisoned with

Catarrhal matter the discharge of mucus and other disgusting symptoms of the miserable disease will continue. S. S. S. goes to the fountain source of the trouble and purifies and enriches the blood, and so invigorates and tones up the system that catching cold and con-tracting Catarrh is not so likely to occur. Keep the blood in order and winter's coming brings none of the discomforts of Catarrh. Write us particulars of your case, and

let our physicians help you get rid of this stubborn disease. We make no charge whatever for THE SWIFT SPECIFIC CO., ATLANTA, CA.
